

## **CSA Issued One Event Waivers**

To allow clubs to open their doors to new members or new programs in which they are offering (I.e. ski cross) the CSA has approved a release waiver which will allow non-members the opportunity to participate in one event per season, hosted by a sanctioned ski club.

There are specific requirements in which must be fulfilled in order for the waiver program to be implemented in the club and the event, can only be approved by the CSA.

The below questions must be answered in full and it is understood that there may be additional information required depending on the type of event and location. To ensure that all waivers can be created and delivered to the club(s), a minimum of two weeks-notice should be provided allowing for creation and or and additional information to be delivered.

Please ensure that each question is answered with as much details as possible to eliminate further questions and delays in the return of the waiver.

If there are any further questions in relation to the one event waiver program, please connect with Alpine Canada at [insurance@alpinecanada.org](mailto:insurance@alpinecanada.org)

### **ONE EVENT WAIVER REQUEST INFORMATION**

1. What is the date(s) and location of the event (full address and legal name of the location is required).

2. Who is responsible for the event? (Name of the club and also the individual(s) responsible for hosting the specific event).

3. What is the event layout? I.e. what is happening on and off snow, race format, training day format, fundraiser etc. (if applicable).

4. What is the support for the event, who will help assist in execution of the event i.e. registered club volunteers, ski school, resort employees etc.

5. What is the medical plan for the event. I.e. first responders, ski patrol, first aid administers etc.
